

01 PRIOR TEAM EXPERIENCE

White House • DoD • DHS • USN • USMC • USA • USAF • DISA • USTRANSCOM • DLA • Dept of Education • ONR
 Gates Foundation • MIT • Yale • Brown • Johns Hopkins • U of Chicago • Khan Academy • Smithsonian
 Bank of America • Snowflake • Magellan Federal • Empower AI

02 CORE CAPABILITIES

Professional Development

SPED, MTSS, leadership, DEI training. AI-powered learning paths for educators.

Administrative Systems

HR/payroll automation, AI scheduling, virtual staffing, enrollment management.

IDEA/504 Compliance

CAP development, SPED audits, Medicaid compliance, IEP automation, monitoring.

AI Policy & Governance

Responsible AI frameworks, student data governance, bias auditing.

Curriculum Development

K-12 redesign, Title I, ESSA, SPED compliance. Standards mapping and gap analysis.

Capacity Building

Strategic planning, SOP development, staff augmentation, effectiveness consulting.

AI Integration

Parent chatbots, smart scheduling, early warning systems, predictive analytics.

Cybersecurity

Virtual CISO, CMMC/NIST compliance, FedRAMP readiness, breach prevention.

Company Overview

American Adaptive delivers AI-powered education technology, curriculum development, and administrative modernization for K-12 school districts, charter networks, state agencies, and higher education institutions. We transform fragmented school operations into intelligent, automated, and compliant systems that empower educators, protect student data, and improve learning outcomes at scale.

Core Service Offerings

AI-Powered Adaptive Learning & Curriculum

- Personalized learning platforms with real-time adaptation
- AI-driven curriculum development mapped to state standards
- Adaptive assessment & student progress tracking systems
- Real-time student performance analytics & dashboards
- Differentiated instruction tools for diverse learners
- AI tutoring & early intervention systems for at-risk students

Education Technology & Digital Infrastructure

- LMS implementation, integration & optimization
- Classroom technology deployment & teacher training
- Parent & family communication platforms (multilingual AI chatbots)
- Early warning & dropout prevention systems
- Smart scheduling, sub coverage & resource optimization
- Student information system modernization & data unification

Education Compliance, Data Privacy & Administration

- FERPA compliance & student data protection frameworks
 - IDEA / Section 504 compliance & corrective action plans
 - Special education documentation & IEP process automation
 - State & federal reporting automation (Title I, ESSA, Medicaid)
 - HR, payroll & enrollment system modernization
 - Accreditation support & program evaluation
-

Differentiators

- **Educator-First AI** — Built with teachers, not just for them
- **Curriculum-Aligned** — Mapped to state standards & learning objectives
- **K-12 & Higher Ed Expertise** — Deep experience across all education levels
- **Research-Backed Pedagogy** — Grounded in evidence-based teaching practices
- **Outcome-Driven** — Measurable student achievement & operational efficiency focus
